

SHERIFF ABDULLATEEF KEHINDE

Frontend Developer · React.js · Next.js · TypeScript
abdullateefkehinde848@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience shipping full-stack e-commerce platforms, AI chatbots, hotel management platforms, and brand-defining websites. Specializes in React.js, Next.js, and TypeScript with a strong eye for responsive design, performance, and secure authentication. Currently completing a B.Eng. in Electrical Engineering at the University of Ilorin — and an MTN STEM Scholar.

EXPERIENCE

Frontend Developer (Intern) · Farmily Africa

Aug 2025 – Present

- ▶ Build responsive web applications using React.js, Next.js, and Tailwind CSS, improving cross-device user experience
- ▶ Integrate REST APIs and optimize frontend performance, contributing to faster load times and scalable architecture
- ▶ Collaborate with a cross-functional team to implement new features, ensure cross-browser compatibility, and ship quality releases on schedule

Frontend Developer · Anabem

2025 – Present

- ▶ Designed and built the company's official website from scratch using React.js and Tailwind CSS, delivering a modern, brand-aligned digital presence
- ▶ Translated stakeholder requirements into responsive, accessible UI components with optimized performance and fast load times
- ▶ Worked iteratively with business leads to refine UX and visual design, increasing overall site quality and credibility

PROJECTS

Sneaker Store — Admin Dashboard — React.js · TypeScript · Chakra UI · TanStack Query · Node.js/Express · MongoDB

- ▶ Built an admin dashboard for a full-stack e-commerce platform with product CRUD, server-side pagination with prefetching, and order management with delivery status tracking
- ▶ Implemented JWT authentication with short-lived access tokens and rotating, hashed refresh tokens, cutting a stolen token's usable window from 7 days to minutes and giving logout real effect on the server

Sneaker Store — Customer Storefront — React.js · TypeScript · Zustand · Paystack

- ▶ Built the customer-facing storefront for the same e-commerce platform, with a Zustand-persisted cart and Paystack checkout, sharing a single backend with the admin dashboard

Hotel Management System — React.js · Supabase · Tailwind CSS

- ▶ Full-featured platform handling bookings, admin workflows, and customer management end-to-end
- ▶ Implemented authentication and row-level security via Supabase; designed a scalable, responsive UI

AI Chatbot Application — React.js · TypeScript · TanStack Query · Tailwind CSS

- ▶ AI-powered chatbot leveraging the Hugging Face API with real-time response streaming
- ▶ Managed async API state with TanStack Query; built intuitive UI with notification feedback system

TECHNICAL SKILLS

Languages	HTML, CSS, JavaScript, TypeScript
Frameworks	React.js, Next.js, Tailwind CSS, Framer Motion, TanStack Query
Backend	Node.js, Express, MongoDB, JWT Authentication, Supabase
Tools	Git, GitHub, VS Code, Postman, Vercel, Netlify
Competencies	REST API Integration, Responsive Design, State Management, Authentication, Performance Optimization

EDUCATION

B.Eng. Electrical and Electronics Engineering	<i>Jun 2021 – Jun 2026</i>
University of Ilorin, Nigeria	
Senior School Leaving Certificate	<i>May 2015 – May 2018</i>
State Senior High School	

AWARDS & RECOGNITION

MTN STEM Scholar — *Awarded for academic excellence and innovation in STEM fields*
